STATEMENT OF OBJECTS AND REASONS.

There has long been a desire in Calcutta that some measures should be taken to deal with the "Beggar Problem", not only out of compassion for the beggars themselves but also for the sake of the health and cleanliness of the city. This desire has recently been accentuated by the conditions arising from the fact that Calcutta is now subject to air raids. Persons collected together in the close and crowded atmosphere of an air raid shelter are exposed to a grave risk of infection through continued proximity to beggars suffering from leprosy or other contagious diseases. It would be dangerous to postpone action any longer; accordingly, in this Bill Government propose to take powers to collect all genuine vagrants and place them in homes and in these homes to provide—

(*a*) food, shelter and clothing for all;

(*b*) medical treatment for the sick;

(*c*) work for the able bodied; and

(*d*) education for the children and also for such adults as appear to be likely to benefit by it.

4. (*1*) Any offence punishable under section 3 committed at any time after the 2nd day of September, 1939, whether committed before or after the commencement of this Ordinance, shall be triable under the provisions of this Ordinance.

(*2*) Where a person is charged before a Special Judge with an offence punishable under section 3, he may be charged with and tried at the same trial for any other offence with which he might, under the Code of Criminal Procedure, 1898, be charged at one trial, and the procedure of this Ordinance shall apply to the trial of any such other offence. V of 1898.

Appointment and jurisdiction of Special Judges.

5. (*1*) For the trial of offences punishable under section 3, the Central Government may appoint as Special Judges, having jurisdiction throughout British India, any persons who have acted for a period of not less than two years in the exercise of the powers of a Sessions Judge or an Assistant Sessions Judge under the Code of Criminal Procedure, 1898. Provided that a Special Judge shall ordinarily record a memorandum only of the substance of the evidence of each witness examined, may refuse to summon any witness if satisfied after examination of the accused that the evidence of such witness will not be material, and shall not be bound to adjourn any trial for any purpose unless such adjournment is in his opinion necessary in the interests of justice.

(*2*) In matters not coming within the scope of sub-section (*1*) the provisions of the Code of Criminal Procedure, 1898, so far as they are not inconsistent with this Ordinance, shall apply to the proceedings of a Special Judge; and for the purposes of the said provisions the Court of the Special Judge shall be deemed to be a Court of Session. V of 1898.

Sentences by Special Judges.

8. A Special Judge may pass any sentence authorised by law.

Review of convictions.

9. If in any proceedings before a Special Judge—

(*a*) a person convicted is sentenced to death, or to transportation for life, or

(*b*) though no person is so sentenced, the Special Judge certifies that in his opinion the case has involved questions of special difficulty, whether of law or fact, or is one which for any other reason ought properly to be reviewed,

the proceedings shall be submitted for review by a person appointed in this behalf by the Central Government, which person shall be chosen from the Judges of a High Court in British India, and the decision of that person shall be final.

Hearing of proceedings *in camera*.

11. (*1*) In any proceedings before a Special Judge, and in proceedings before a Judge reviewing under section 9 the proceedings of a Special Judge when the reviewing Judge grants permission in this behalf, a person accused of an offence triable under this Ordinance may of right be defended by a pleader, but such pleader shall be a person whose name is entered in a list prepared in this behalf by the Central Government or who is otherwise approved by the Central Government.

(*2*) A Special Judge, or a Judge reviewing under section 9 the proceedings of a Special Judge, may appoint a pleader whose name is entered in the list referred to in sub-section (*1*) or who is otherwise approved by the Central Government to defend at any stage of the proceedings a person accused of an offence triable under this Ordinance who has not himself engaged a pleader.

(*3*) A Special Judge shall not be required to grant an adjournment for the purpose of securing the attendance of a pleader, if in the opinion of the Special Judge such adjournment would cause unreasonable delay in the disposal of the case.

Special rule of evidence.

12. Notwithstanding anything contained in the Indian Evidence Act, 1872, when the statement of any person has been recorded by any Magistrate, such statement may be admitted in evidence in any trial before a Special Judge, if such person is dead or cannot be found or is incapable of giving evidence. I of 1872.

(*2*) Where a plea is required in answer to a charge from an accused whose attendance has been dispensed with under sub-section (*1*), such accused shall be deemed not to plead guilty.

(*3*) An order under sub-section (*1*) dispensing with the attendance of an accused shall not affect his right of being represented by a pleader at any stage of the trial, or being present in person if he has become capable of appearing, or appears in Court and undertakes to behave in an orderly manner.

(*4*) Notwithstanding anything contained in the Code of Criminal Procedure, 1898, no finding, sentence or order passed in a trial before a Special Judge shall be held to be illegal by reason of any omission or irregularity whatsoever arising from the absence of any or all of the accused whose attendance has been dispensed with under sub-section (*1*). V of 1898.

Exclusion of interference of other Courts.

NOTIFICATIONS.

No. 4-I.—5th January 1943.—The following draft rules and schedule of rates of tolls which, in exercise of the powers conferred by sections 6 and 11 of the Canals Act, 1864 (Bengal Act V of 1864), the Governor proposes to make regarding the Adajhuri river connecting the Baleswar river with the Kaliganga river in the Pirojpur subdivision of the district of Bakarganj, are published for the information of persons likely to be affected thereby.

Any objection or suggestion with respect to the draft rules and the schedule of rates of tolls should reach the undersigned not later than the 25th February 1943:—

Draft rules and schedule of rates of tolls.

1. In these rules "vessel" does not include boats not exceeding 11 cubits or 16½ feet in length.

2. Every vessel on entering the channel and before passing the gate at either end or even when entering the channel from a side khal between the gates shall be liable to measurement for the purpose of ascertaining the tolls payable; in case of any reasonable doubt arising, a vessel may be measured again by any person appointed by the union board of Nailtala, on this behalf.

3. Vessels for the purpose of the determination of maundage shall be divided into two classes as below:—

Class I.—To include *all vessels* of the types of *country boats,* including saltees and hapors (fish cages), *house boats,* kosh boats, green boats, etc.

Class II.—To include steam boats, motor boats, flats and barges and other square built vessels.

4. The maundage of every vessel, whether laden or empty, shall, for the purpose of the Canals Act, 1864 (Bengal Act V of 1864), and of these rules, be determined by the following measurements:—

Class I.

A. The product of one quarter the length of the vessel from stem to stern, measured along the water line, multiplied by the interior greatest breadth of the vessel, multiplied by the depth from the water line to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

B. The measurement of the length is to be made in feet, rejecting inches; the measurement of breadth and depth is to be made in feet and quarters of a foot, rejecting any remainder of less than a quarter of a foot.

C. The maundage on which the amount of tolls is calculated shall be reckoned to the nearest integral multiple of 12½ maunds, any remainder of less than 12½ maunds being rejected. In the case of vessels exceeding 500 maunds by measurement, the maundage shall be reckoned to the nearest integral multiple of 50 maunds, rejecting any remainder or less than 50 maunds.

D. *Saltees.*—The product of one quarter of the inside length of the vessel, measured along the centre line from stem to stern, multiplied by the interior greatest breadth of the vessel, multiplied by the greatest depth measured from the top to the interior bottom of the vessel, is to be taken as equal to the number of maunds upon which tolls shall be levied.

Class II.

For vessels of Class II the number of maunds obtained by the system of measurement prescribed for vessels of Class I shall be increased by one half. For vessels of the class above 5,000 maunds measurement, the maundage shall be reckoned to the nearest integral multiple of 500 maunds, rejecting any remainder of less than 500 maunds. In the case of steamers and motor boats, the maundage determined as above shall be reduced by one-third as an allowance for engine spare.

For vessels of Class II which are furnished with reliable way bills, the gross maundage of cargo shown by the way bills or in the case of steamers, the maundage obtained from multiplying the registered tonnage of the steamer by 27, may, at the option of the employer of the vessel or the steamer (as the case may be), be taken as the maundage on which tolls will be charged.

5. After the measurement the person in charge of the vessel shall be provided with a slip showing the maundage to be charged, which must be presented at the toll office where he will be provided with a ticket, after payment of toll, which will permit the vessel to pass the gate or proceed through the channel.

6. Every ticket shall have entered on it the name of the serang, manjhee or other person in charge of the vessel, the date of entry, the maundage, the cargo, the amount of toll charged and number of days for which the ticket remains current.

7. All tolls are payable on demand and shall be paid at the toll office before a vessel is permitted to proceed.

8. The ticket must be kept on board the vessel and in possession of the person in charge of the vessel and must be produced for inspection when demanded by the person authorised to collect toll, or by any officer to whom such person is subordinate. If on demand the ticket is not produced, such person or officer shall assess the tollage as provided in rules 4 and 13 and shall require payment of toll, and unless and until the toll is paid, or the original ticket or a duplicate is produced as evidence that toll has already been paid, the vessel shall be liable to seizure and detention under the provision of section 9 of the Act.

9. Duplicates of lost tickets, of which the numbers and dates can be satisfactorily established, will be granted by the collector of tolls on payment of a fee equal to one quarter of the total tollage, subject to a minimum fee of one anna per ticket.

10. All vessels, whether the property of Government, district board, other local bodies or of private persons, are liable for toll except those specially exempted under these rules by a resolution passed by the union board of Nailtala from time to time.

11. The channel may be closed once a year for effecting the necessary repairs to it on seven days' notice of the intention so to close it being given; but in the event of any sudden emergency the channel may be closed at any time without prior notice, and no claim in such case by owners of vessels or others for compensation on account of detention shall be entertained.

12. No rafts exceeding 60 feet in length and 30 feet in breadth shall be permitted to enter the channel.

13. The rates of toll shall be as follows:—

(1) On all vessels, empty or laden, per 100 maunds—Eight annas.

(2) On all vessels, empty or laden, for 12½ maunds or less—One anna.

(3) On rafts of bamboos, grass, timber, etc., not exceeding 50 feet in length and 5 feet in breadth—Four annas each raft.

Tolls will be levied at Rambhadra and Charkhola.

14. For boats frequently using the channel such boats carrying passengers, grass or perishable articles monthly tickets will be issued at ten times the ordinary toll.

15. Every vessel which has paid toll shall be allowed to remain in the channel for three days inclusive of the days of entry into and leaving the channel. A vessel remaining in any part of the channel longer than three days shall be charged demurrage equal to one half of the toll for each day in excess of three days. No vessel shall be permitted to remain in the channel for more than one month: Provided that this rule shall not apply to vessels holding monthly tickets under rule 14, which may remain in the channel for more than three days without payment of demurrage but not for more than one month at a time.

16. No vessel carrying exclusively police officers or servants, soldiers and officers of the British Army, post mail runners, officers of the Irrigation Department on duty, officers and servants of the toll office for the channel referred to in these rules while on duty, or the vessels of such other persons as may be exempted by a resolution of the union board of Nailtala shall be liable for toll in the channel.

17. Any matter relating to the mode of collection of tolls and other relevant points not provided for in these rules, shall be decided by the union board of Nailtala at a meeting and shall be subject to the approval of the Provincial Government.

(*b*) In section 38 the following sub-section be inserted after sub-section (*c*)

"(*d*) On the ground that the existing rate of rent paid by the *raiyats* is substantially higher than the prevailing rate paid by occupancy *raiyats* for land of similar description and with similar advantages in the same village or in neighbouring villages"

7. After section 38 the following section be inserted —

"38A. The homestead area of the occupancy *raiyats* be exempted from rent and the rent of the holding comprising a homestead be reduced to that extent

Explanation The homestead area will mean and include land occupied by the buildings and the inner and outer courtyard attached thereto and the land immediately appurtenant to the buildings necessary for their enjoyment."

8. (*a*) In section 76, in line 4, after the word "holding' the following words be omitted 'and consistent with the purpose for which it was let"'

(*b*) In sub-section 3 of this section, in line 4, for the words "his landlord's property" the word "holding" be substituted.

STATEMENT OF OBJECTS AND REASONS.

The Revenue Commission in its report in volume (1), page 174, stated as follows: "The economic difficulties that exist in Bengal to-day are primarily due to the ever-increasing pressure of population on land." In page 86 of the same volume it is stated: "We consider that the pressure of population on land is the ultimate cause of Bengal's economic troubles." Section 23 puts two definite clogs on the use of the occupancy holdings and section 25 is the operative section thereon.

The establishment of *hât*, the erection of a shop, a godown, a mill or a factory render the holdings liable for the penalty provided in this section, *i.e.*, ejectment.

These restrictions are great handicaps in the spread of subsidiary occupation among the vast agricultural population. So it is high time that these restrictions should be removed from the statute book.

The insertion of the words "or equitable" in section 32 (*c*) has been made according to the recommendations of the Revenue Commission in page 139, volume 1, which runs as follows: "We think that when there is a marked fall in the price of agricultural produce it is desirable to compare prices at shorter than 10 years. It has been proposed to remedy this defect by adding the words 'or equitable'."

By the Bengal Tenancy Amendment Act of 1938 the enhancement of rent was suspended for 10 years pending an enquiry by a competent authority to decide whether enhancement of rent could be permanently abolished. The Commission in page 15, vol. 1, states as follows "The Court of Directors wrote" it is an object of perpetual settlement that it should secure to the great body of *raiyats* the same equity and certainty as to the amount of their rent and the same undisturbed enjoyment of the fruits of their industry which we mean to give to the Zemindars themselves.

In page 16 of vol. 1 it goes on to say "The intentions of the Permanent Settlement was therefore to confirm the *Khudkhost raiyats* in their existing customary rights and to provide against enhancement beyond pergana rates and against arbitrary exactions." So it is apparent from the above observations that enhancement of occupancy *raiyats'* rent was not contemplated by the Permanent Settlements and hence like *abwabs* or illegal exactions the sooner it goes the better for the country.

Section 38 has been amended in accordance with the recommendations of the Revenue Commission contained in pages 140 & 138 of vol. 1 wherein it says "We recommend that such deductions should be made through the agency of Revenue officers. Section 38 of the Tenancy Act would have to be amended to deal with such cases in areas to be notified by the Government.

We recommend that a new sub-clause should be added in section 38 of the Tenancy Act in order to allow reductions of rent on the ground that the existing rate of rent is substantially higher than the prevailing rate.

From a perusal of paragraphs 178, 189 & 197 of the report of the Commission, vol. 1, it appears that the homestead land is exempt from assessment in all the provinces which the Commission visited. So Bengal should not be denied this privilege enjoyed by other provinces uniformly.

K. ALI AFZAL,

Secy. to the Bengal Legis. Assembly.

THE BENGAL HINDU WIDOWS' REMARRIAGE PROPAGATION BILL, 1940.

A
BILL

to propagate further the cause of widow-remarriages among the Hindus in Bengal.

WHEREAS it is expedient to provide for further propagation of remarriages of Hindu widows ;

It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Bengal Hindu Widows' Remarriage Propagation Act, 1940.

(*2*) It extends to the whole of Bengal.

(*3*) It shall come into force on such date as the Provincial Government may, by notification in the *Calcutta Gazette*, appoint.

Prohibition of marriage of a Hindu widower with any one not a widow.

2. No Hindu widower shall marry any one who is not a widow.

Punishment for marrying any one not a widow.

3. Whoever violates the provision of section 2 shal be punishable with simple imprisonment which may extend to six months, or with fine which may extend to one thousand rupees, or with both.

Punishment for solemnising a marriage in contravention of section 2.

4. Whoever performs, conducts or directs any marriage in contravention of the provision of section 2 shall be punishable with simple imprisonment which may extend to three months or with fine which may extend to five hundred rupees, or with both.

Who may complain.

5. Any Hindu, above 18 years of age, may lodge a complaint to a Magistrate of competent authority about any violation of this Act.

Cognisance of offence.

6. No court inferior to that of a Presidency Magistrate or a Magistrate of the first class shall try any offence punishable under this Act.

Injunction to restrain contemplated marriage.

7. A Magistrate competent to try any offence punishable under this Act may, on receiving information that a marriage is going to be celebrated in contravention of the provision of section 2, by an injunction, stop such marriage until the decision of the case.

STATEMENT OF OBJECTS AND REASONS.

The Hindu Widows' Remarriage Act, XV of 1856, has been on the statute book for 84 years. But the number of widow remarriages among the Hindus during this long period has been very small. According to the census figures for 1931 there are more than a crore of females among the Hindus in Bengal, of whom nearly 24 lakhs, i.e., more than 20 per cent. are widows. The number of widows between the ages of 5 and 25 about 3 lakhs. It is, therefore, absolutely necessary that more effective steps should be taken so that the number of widow remarriages may increase. The number of widowers in Bengal is more than 5 lakhs. It may be safely assumed that half of them will marry again. If it is provided that a widower, whenever he will marry again, should marry a widow, all the widows between the ages of 5 and 25 may get themselves remarried. This, it is hoped, may solve the problem of widow remarriages in Bengal to some extent. The present Bill has been framed with this object in view.

DEPARTMENT OF AGRICULTURE, BENGAL

Ramna, Dacca, the 13th February 1943.

Third and Final Forecast of the Winter Rice Crop of Bengal, 1942-43.

Note.—On an average of the five years ending 1940-41, the area under winter rice in Bengal has represented some 20·7 per cent. of the total area under winter rice in India.)

Character of the season.—Since the issue of the second forecast in December last, the weather conditions were favourable for harvesting the crop. There was a widespread attack of fungus disease particularly in Western Bengal. It also appeared both in North and East Bengal. As a result of serious damage caused by tidal wave and cyclone in some parts of the Western Bengal, combined with root-rot disease and attack of insect-pests the outturn of paddy has been badly affected.

Acreage.—According to the District Officers' estimates the total area under winter rice is 16,207,100 acres as compared with 16,914,100 acres of last year.

Outturn.—The provincial outturn is estimated to be 68 per cent. of the normal as against 96 per cent. of the last year.

Accepting 68 per cent. the provincial outturn as worked out from the district returns, the gross yield of the crop, on the basis of a normal yield of 12 2/5 maunds of cleaned rice (husked) per acre works out at 5,020,100 tons this year as against 7,396,400 tons (revised) in the last year.

Municipal.

RESOLUTION—No. 126CM.

Calcutta, the 8th February 1943.

READ—

Reports of the Commissioners of Divisions on the working of the municipalities in Bengal (except Calcutta) during the year 1940-41.

1. **Constitution and boundaries.**—The number of the municipalities remained unchanged, viz., 118 and the boundaries of only two municipalities, viz., Tollygunge and Nabadwip, were revised during the year under report.

2. **Elections.**—General elections were held in seven municipalities. The elections were generally keenly contested and voters, both male and female, evinced an increasing interest in the election proceedings.

3. **Meetings.**—The number of meetings held during the year under review was 2,894 of which 88 meetings proved abortive for want of a quorum while 308 meetings were adjourned. The corresponding figures for the preceding year were 3,028 meetings, with 71 failures and 303 adjournments. The Nabadwip Municipality held the largest number of meetings, viz., 129, Hooghly-Chinsurah, Burdwan, Rajshahi, Panihati, Nator, Pabna and Budge-Budge held 63, 61, 48, 47, 44, 43 and 43 meetings, respectively. Three municipalities, viz., Kanchrapara, Netrokona and Sherpur (in Bogra district) failed to comply with the statutory requirement of holding at least one meeting in a month. The Netrokona municipality held only 9 meetings during the year.

The average percentage of attendance of Commissioners at meetings was over 50 in 104 municipalities and over 75 in six, viz., Garulia (83), Panihati (81·7), Midnapore (80·35), North Barrackpore (78·3), Khardah (77·11) and South Dum Dum (76·47). The percentage of attendance was the highest in the Kotechandpur municipality (95·7) and the lowest in the Kharar municipality (31·57), while that of the official members was the highest at Tollygunge (100) and the lowest at Baraset (16·6).

4. **Population and Ratepayers.**—According to the Census of 1931, the population of the municipalities (outside Calcutta) was 2,351,407, representing only 4·7 per cent. of the total population of the Presidency. Of this, only 407,078 or 17·3 per cent. were ratepayers. The rates were paid by less than one-tenth of the urban population in the following 11 municipalities:—Mymensingh (9·8), Naihati (9·01), Kurseong (7·9), Kanchrapara (7·83), Darjeeling (7·7), Champdany (7·43), Halisahar (7·03), Bhatpara (6·82), Bhadreswar (6·4), Garulia (5·6) and Tittagarh (3·6). These are industrial municipalities, with the exception of Mymensingh, Darjeeling and Kurseong, the population of which consists mainly of millhands who pay no rates.

In the following municipalities the percentage of ratepayers to the total population exceeded 25:—

Kumarkhali (53·4), Baraset (52·73), Old-Malda (37·8), Baruipore (34·24), Gobardanga (33·54), Tollygunge (32·68), Rajpur (31·83), Birnagar (31·8), Taki (29·14), Katwa (29·5), South Suburban (28·62), Santipur (28·2), Berhampore (28·02), Panihati (27·35), Jiaganj-Azimganj (27·18), Kishoreganj (26·8), Birbhum (26·6), Meherpur (26·51), Ranaghat (25·8), Kotrung (25·72), Kalna (25·5), Chakdah (25·28) and Hooghly-Chinsurah (25·1).

The increase in the number of ratepayers was very marked in the municipalities of Serajganj (1,823), Howrah (1,509), Bhatpara (1,112), Tollygunge (1,000), Rishra-Konnagar (890), Kishoreganj (779), English Bazar (695) and Vishnupur (615).

5. **Rates and Taxes.**—The total receipts from the municipal rates and taxes during the year under review increased from Rs. 79·43 lakhs to Rs. 85·77 lakhs, the increase of Rs. 6·34 lakhs being due to general or partial revision of assessment in a number of municipalities and also to some extent to the increase in the incidence of taxation in a few municipalities. The Howrah municipality alone was responsible for an increase of Rs. 4·88 lakhs.

The incidence of taxation per head of population was Rs. 4-13-10 in the Burdwan, Rs. 2-15-10 in the Presidency, Rs. 2-13-8 in the Dacca, Rs. 3-5-1 in the Chittagong and Rs. 3-15-8 in the Rajshahi Division. In the municipalities of Darjeeling, Baraset, Dum-Dum, Kurseong, Howrah, Uttarpara, Baranagar, South Dum-Dum, and Narayanganj, the incidence was above Rs. 5. In 14 municipalities, mostly in semi-rural areas, the incidence was below Re. 1.

In the Chandrakona, Ramjibanpur and Khirpai municipalities, the tax on persons was still in force.

6. **Collection.**—The total collection of rates increased from Rs. 77·98 lakhs to Rs. 82·60 lakhs. The percentage of current collection on the current demand also rose from 72·8 to 73·01, while the percentages of arrear collection on the arrear demand and of

the total collection on the total demand increased from 34·3 to 43·8 and from 61·9 to 64·9, respectively.

The municipalities of Garulia, Tamluk, Kotrung, Halisahar, Gobordanga and Nalchiti earned the distinction of collecting nearly the whole of their total demands. The collection of the total demand exceeded 90 per cent. in 16 municipalities viz., Garulia (98·6), Tamluk (98·53), Champdany (97·60), Nalchiti (96·5), Bhadreswar (96), Narayanganj (95·2), Kurseong (95·04), Noakhali (94·9) Muktagacha (94·2), Jalpaiguri (94), Tittagarh (93·8), Halisahar (92·9), Chandpur (92·4), Kotrung (91·0), Ghatal (90·7) and Sherpur (90·1). The collection of the total demand ranged above 80 per cent. but below 90 per cent. in 20 municipalities. Thirteen municipalities on the other hand failed to collect even 50 per cent. of their total demand viz., Satkhira (46·97), Sonamukhi (46·5), Baduria (45·88), Patuakhali (45·6), Madaripur (45·5), Birnagar (45·5), Bankura (42·9), Nawabganj (42·5), Kanchrapara (41·68), Mymensingh (40), Baraset (35·06), English Bazar (31·8) and Rajpur (27·9).

The amount of total remissions increased from Rs. 7·05 lakhs to Rs. 7·46 lakhs, representing 5·3 per cent. of the total demand, the ratio of remission being the highest in the Taki municipality (19·22). The amount of outstanding arrears also increased from Rs. 40·87 lakhs to Rs. 41·51 lakhs representing 44·5 per cent. of the current and 31·5 per cent. of the total annual demand.

In terms of the percentage to the current demand, the outstandings amounted to 154·4 per cent. in Rajpur, 131·8 per cent. in Baraset, 96·2 per cent. in Baduria, 95·3 per cent. in English Bazar and, in actual figures, the heaviest outstandings were in Hooghly-Chinsurah (Rs. 1,24,178), Howrah (Rs. 13,94,830), Tollygunge (Rs. 1,42,994), Dacca (Rs. 3,80,990), and Mymensingh (Rs. 1,81,761). No explanation has been furnished as to why there was such large accumulation of outstandings in Howrah municipality.

A disquieting feature of municipal administration in the province is the rapid accumulation of arrear taxes which rose by about Rs 7·26 lakhs during the preceding three years. The Divisional Commissioners report that the heavy arrears in several municipalities were principally due to the laxity on the part of the municipal executives in taking adequate coercive measures to realise taxes in accordance with the provisions of the Act and rules for fear of losing popularity and their seats at future elections. It is clear that those responsible for supervision of collection have not the moral courage to take prompt coercive action against defaulters. The reluctance of the municipalities to resort to coercive measures against defaulters and inadequate control over the collecting staff were to a great extent responsible for the accumulation of arrears.

7. **Income and Expenditure.**—The total receipts of the municipalities, including opening balances, slightly decreased from Rs. 138·4 lakhs in the previous year to Rs. 138·1 lakhs during the year under review. The total disbursements also decreased from Rs. 120·7 lakhs to Rs. 118 lakhs resulting in an increase of the total closing balance from Rs. 17·69 lakhs to Rs. 20·08 lakhs.

Several municipalities failed to maintain even the prescribed balances and, in a number of cases, the balances left were quite insufficient to meet the outstanding liabilities. The Netrokona and the Debhatta municipalities had the worst records with liabilities representing 129 per cent. and 98·5 per cent., respectively, of the current demand. Other municipalities with liabilities exceeding 50 per cent. of their current demands were Jamalpur (74·9), Baraset (58·6), Serajganj (56·4), Dainhat (53·4) and Taki (52·94). On the other hand, ten municipalities, viz., Old Malda, Bhola, Dum-Dum, Meherpur, Khirpai, Kotechandpur, Noakhali, Bally, Budge-Budge and Katwa, had the distinction of closing their accounts with practically no liabilities.

8. **Education.**—The total expenditure on Education, including the Government grant of Rs. 1·77 lakhs, amounted to Rs. 8·59 lakhs against Rs. 8·02 lakhs in the preceding year. The expenditure on primary education also increased from Rs. 6·20 lakhs to Rs. 6·62 lakhs, representing 8·4 per cent. of the total ordinary income as against 6·2 per cent. in the preceding year. The average *per capita* expenditure on the education of children of primary school-going age also rose from Rs. 2-3-1 in 1939-40 to Rs. 2-11-6 during the year under review.

As in the previous year, the Howrah municipality again spent the largest amount, i.e., Rs. 83,810 on primary education, of which Rs. 68,315 came from the municipal fund. But this represented only 3·1 per cent. of the total ordinary income of the municipality and an average expenditure of Rs. 2-8-1 per child of primary school-going age within the municipality.

The *per capita* expenditure on primary education was over Rs. 4 in 8 municipalities, while it was below Re. 1 in 39 municipalities and below 8 annas in 8 municipalities. Eleven municipalities, viz., Serampore, Kotrung, Bally, Titagarh, Kamarhati, Baranagar, Dum-Dum, Nabadwip, Kumarkhali, Murshidabad and Faridpur, failed to spend on primary education even the prescribed proportion of 3·2 per cent. of their ordinary income. The ratio was, however, over 10 per cent. in 30 municipalities, the highest ratio being reached at Rangpur (31·9).

The municipalities of Chittagong and Darjeeling recorded expenditure on primary education at the rate of Rs. 10-1-0 and Rs. 7-15-6 respectively, per child of primary school-going age and that of Chandpur a *per capita* expenditure of Rs. 6-5-4.

9. **Water-supply.**—The total expenditure on urban water-supply was Rs. 11·29 lakhs of which Rs. 1·71 lakhs was on capital outlay and Rs. 9·58 lakhs on establishment and repairs. This represented a further fall in the municipal expenditure under this head by about one and a half lakh of rupees as compared with the figures of the preceding year. The decrease was due to reduced expenditure under both "Capital outlay" and "Establishment and Repairs".

The Bally municipality made an attempt to supply drinking water to the ratepayers by a large number of tube-wells without charging any water rate. The scheme for improvement of the Narayanganj West Bank Waterworks sanctioned by Government some years ago was completed and a scheme for metering house connections was taken up. The water-supply scheme of the Kurseong municipality prepared by the Public Health Department could not be taken up during the year under review on account of financial difficulties. The scheme for erection of a filtration plant at Jorebunglow in the Darjeeling municipality was taken up by the Jewell Filtered Company of Calcutta and has since been completed and the plants are in operation. The second extension scheme of the Rajshahi water-works for the western portion of the town, finally sanctioned by Government, was taken up but could not be completed during the year.

With a view to coping with the scarcity of pure drinking water in the colliery areas of the Asansol Mining Settlement and the neighbouring villages, a comprehensive scheme was drawn up by the Chief Engineer, Public Health Department, Bengal, in consultation with the Director of Public Health, Bengal. The scheme was submitted to Government for consideration.

Of the various sketch projects of water-supply in municipal areas, prepared by the Engineering Branch of the Public Health Department during the year under review, those of Pirojpur Waterworks Improvement, Kalna Water-supply Improvement, Dacca Waterworks Improvement and the scheme for remodelling of the Chittagong Waterworks may be mentioned. The detailed projects of Munshiganj Water-supply Scheme, South Chandpur New Waterworks and Serampore Water-supply extension, were also, amongst others, drawn up by the Engineering Branch of Public Health Department.

The fall in the total expenditure under "Water-supply" appears to be largely due to the fact that there was no expenditure during the year towards the capital cost of the Baranagar-Kamarhati Joint Waterworks (which had already been completed) and partly due to less expenditure on the Narayanganj Water-supply Improvement Scheme.

10. **Conservancy.**—The total expenditure on conservancy during the year increased from Rs. 24·69 lakhs to Rs. 25·78 lakhs but it was still considerably in excess of the receipt from the conservancy rate, the deficit being met, as usual, from the General Fund.

11. **Drainage.**—The total amount spent by the municipalities on drainage was Rs. 4·48 lakhs as against Rs. 5·19 lakhs in the preceding year showing a decrease of Rs. 71,038 for which Asansol, Howrah and Dacca were mainly responsible.

The sketch projects for improvement of drainage of certain municipal areas, as drawn up by the Engineering Branch of the Public Health Department during the year under review, included the Debhatta Drainage Scheme, Rajshahi Drainage Improvement Scheme and Comilla Drainage Scheme.

The problem of drainage in certain areas of the Tollygunge Municipality was recently felt. In order to minimise flooding in the lower portions of the municipal area it was suggested that those localities should be isolated by constructing bunds around them and provision made for draining out any accumulated water as and when the opportunity arose. The Tollygunge Protective Embankment Scheme was accordingly prepared by the Public Health Department but the municipal commissioners have not yet been able to give effect to the scheme on financial grounds. In the meantime the municipality incurred certain capital expenditure on the construction of a sluice and maintenance of an embankment at Chowbaga for the drainage of flood water into the storm-water channel of the Calcutta Corporation.

All the works in connection with the Maijdi drainage scheme were completed excepting the pumping machinery, which got damaged during the trial run.

The Chittagong municipality has got natural facilities for drainage, but full advantage is not being taken of these facilities. Some improvements in drainage have been provided for in the proposed extension and remodelling scheme of waterworks but it is not anticipated that these improvements will be sufficient.

An efficient drainage scheme is also a crying need of the town of Comilla. The municipal commissioners are, however, reluctant to take up the scheme prepared by the Public Health Department for the purpose (as already referred to above) in view of the heavy outlay involved, viz., about Rs. 3 lakhs.

12. **Lighting.**—The total expenditure on lighting increased from Rs. 8·14 lakhs in the previous year to Rs. 8·36 lakhs during the year under review. The increase was mainly due to the rise in the prices of oil and lighting equipments.

In the year under report, the streets in Bankura were lighted with electricity. Street lighting by electricity was also introduced in Jessore.

A scheme for installing a new Hydro-Electric Power Station at Singtom in the Darjeeling municipality at an estimated cost of Rs. 4,40,736 was initiated during the year, with the approval of Government.

The existing lighting arrangements in Noakhali are reported to be very unsatisfactory and it has been suggested that petromax lamps should replace kerosene ones.

The imposition of a lighting rate by the Serajganj municipality deserves mention.

13. **Public Health.**—During the year under review, the expenditure on account of the municipal health officers and sanitary inspectors increased from Rs. 2·41 lakhs to Rs. 2·43 lakhs and the amount spent on hospitals and dispensaries and on other sanitary measures also increased from Rs. 4·66 lakhs to Rs. 4·87 lakhs and from Rs. 1·34 lakh to Rs. 1·37 lakh, respectively.

The vaccination work was continued by the municipailties as before.

The following works were done by certain municipalities:—

Anti-rabic treatment, treatment of kala-azar and leprosy and sanitary measures like removing jungles and clearing tanks, etc.

Quinine and cinchona were distributed free of cost.

The Public Health Department of Government rendered, as usual, assistance to the municipalities in coping with outbreaks of epidemic diseases. It is, however, to be regretted that some of the municipalities, e.g., Burdwan, did not pay adequate attention to this matter. In fact it was only after pressure had been put on this municipality that special stations for vaccination against small-pox were opened. The help of the police staff was also resorted to for vaccinations and re-vaccinations at the houses of rate-payers.

An experimental four-year anti-malarial scheme for the town of Jessore and its surrounding rural areas, which was taken up in 1939 by the Public Health Department of Government, was continued throughout the year under review. It is, however, reported that the local people did not give their unstinted co-operation, as they should, in making the scheme a complete success.

With a view to eradicating malaria from the district of Rangpur on a permanent basis, a scheme for the re-excavation of the Skrine Canal covering the municipal area as well was drawn up in consultation with the Irrigation and Public Health Departments of Government and was under the consideration of Government.

The anti-malarial operations at Arambagh, which is notoriously malarious, are reported to have improved much the health of the people of the locality. Similar operations were, as usual, also carried out in other municipal areas.

The Travelling Eye Dispensary unit which had done splendid work for the people of the Brahmanbaria subdivision reached the Comilla town towards the end of March 194[illegible] and worked there.

The necessity for vigorous administration of the Bengal Food Adulteration Act, 1919, does not appear to have attracted sufficient attention of the municipalities of the Presidency Division. Government cannot over-emphasise the need for taking all possible steps by the local authorities to prevent adulteration of food-stuffs and ensure the purity of food in general.

14. **Public works.** The total outlay under this head decreased from Rs. 16·2[illegible] lakhs to Rs. 15·12 lakhs during the year under review. The mileage of metalled and unmetalled roads maintained by the municipalities however, rose slightly from 3166·0[illegible] to 3180·52.

15. **Audit of accounts.**—The accounts as audited by the Examiner of Local Accounts revealed cases of embezzlement of municipal money in the Baidyabati, South Suburban, Rajpur, Patuakhali, Noakhali, Chittagong, Chandpur and Dinajpur municipalities. Most of the cases ended in conviction and the amounts defalcated were recovered in some of the cases.

The audit notes disclosed certain irregularities in the accounts of the South Suburban, Bhatpara and Krishnagar municipalities.

16. **General remarks.**—The municipalities, with a few exceptions, passed through another year without any appreciable improvement in the standard of their administration. It is a matter of regret that in some cases there was in fact serious deterioration in the level of administration.

The chief problem which confronts the municipalities and which lies at the root of almost all their other problems is their weak financial position. It is this financial weakness which is primarily responsible for the present condition of municipal administration in this province and accounts for the failure of most of the municipalities to undertake various schemes of public utility which are so vitally necessary for the health and happiness of their inhabitants. Chronic accumulation of arrears due to reluctance to

resort to coercive measures and slackness in collection, defective preparation of the budget by provision of inflated receipts and expenditure beyond resources and unwillingness to increase taxes in order to provide better amenities are the common characteristics and the principal causes of failure in the financial administration of most of the municipalities.

The present state of municipal administration has led one Divisional Commissioner to observe: "Except in some of the......... municipalities, there is no realisation of the elementary truth that unless revenues are collected work cannot be done efficiently. Municipal Commissioners who fail to carry out measures for the improvement of public ealth, owing to a shortage of money directly ue to their failure to enforce collection of evenue, are responsible for the deaths that esult. The responsibility should be brought ome to them by the giving of publicity to all eports regarding the consequence of their eglect. If this is not due to lack of magination which prevents their realisaion of the effects of their indifference, it nust be due to callousness so gross as to be lmost inconceivable. The blunt truth is hat people are dying because men ecome municipal commissioners not in rder to secure the wellbeing of the owns but to advance their own careers nd there will be no real improvement in unicipal administration until public pinion is roused against such conduct".

It will not, however, be correct to lay all he blame on the municipal commissioners lone. The ratepayers too must bear their share of responsibility for the present state of affairs, as they have generally shown very little civic sense and little realisation of the fact that public amenities cannot be had unless they are paid for. Unless, therefore, there is a growth of the civic sense and a better appreciation of their civic duties and responsibilities by the municipal commissioners as well as the ratepayers, it would be dle to expect any real lasting improvement of the general standard of municipal administration.

Another Divisional Commissioner, while commenting on the unwillingness of the municipal commissioners to take coercive measures which would make them unpopular, has remarked that "the situation is being aggravated on account of the increasing anxiety displayed by political parties to obtain control of local bodies". In his opinion the time has come for considering seriously whether the collection departments of all the municipalities should be superseded.

In a large number of municipalities the crying need is proper drainage. The District Magistrate of Nadia has reported that malaria broke out in a virulent form and this is attributable to non-flushing of municipal areas. In many municipalities comprehensive schemes for drainage and eradication of malaria should be vigorously taken up. More effective measures are also needed almost everywhere against adulteration of food-stuffs.

The largest municipality outside Calcutta and Howrah is Dacca. This municipality cannot be said to provide its citizens with all the amenities which its inhabitants may legitimately expect. The District Magistrate has observed as follows about Dacca :—

"The state of roads is not satisfactory and the supply even of filtered water is admittedly inadequate. There are no unfiltered water mains. The Maternity and Child Welfare Services, so far as they go, are run not by the municipality but by a trust and anti-tubercular and anti-malaria services are, at least in part, rendered by similar bodies. There are no ambulances and no real fire brigade. The recent disturbances have clearly pointed out the need for these.

"I consider myself that it would make for better administration in Dacca municipality were a Chief Executive Officer appointed.

"I think also that the commissioners and the ratepayers of Dacca should seriously consider the possibility of forming a Dacca Improvement Trust with adequate funds to set about the planned remodelling of the city."

Among the municipalities under non-official Chairmen, Khulna seems to deserve special mention. The District Magistrate reports :—

"The Khulna municipality has been pursuing a progressive policy in all spheres of activities. The commissioners are eager to provide modern amenities to the people and have also taken up various works of public utility. The neatly laid-out asphalted roads, the park and the Radio House, a shelter, artificial hillock, the electrification scheme, the two-storied office building with a big meeting hall on the first floor and well-equipped parks for children in different parts of the town, have brought about a marked improvement. The general standard of cleanliness is much higher than that in most of the municipalities in Bengal.."

The District Magistrate of the 24-Parganas has made the following remarks regarding good A.R.P. work which was done during the year under report in the industrial municipalities of the district :—

"Another work of vital importance in which the authorities of the municipalities in the industrial areas have taken very keen and active interest is the A.R.P. work. Fifteen municipalities of the Barrackpore subdivision and four municipalities of the Sadar subdivision have been turned into A.R.P. sub-areas. The industrial authorities of these sub-areas have rendered creditable and

useful services in this behalf. Earnest efforts are being made by those municipal and industrial authorities conjointly to bring home to the people the vital importance of building up a regular and disciplined A.R.P. organisation. The municipal authorities have been also helpful in war efforts."

The names of the following gentlemen have been specially brought to the notice of Government on account of their public spirited work during the year under review:—
